ENJOY THE ULTIMATE PATIENT EXPERIENCE AT SMILE AVENUE FAMILY DENTISTRY

Empowering. Educating. Elevating.

BY ANNETTE BROOKS

Check out the hundreds of rave five-star Google reviews left by Smile Avenue's happy patients.

WELCOMING NEW PATIENTS

Get ready to experience dental visits unlike others you've had before when you become part of the Smile Avenue family. Call today to schedule an appointment or schedule online 24 hours a day. The office is open six days a week for your convenience.

Have you been searching for a dental practice that provides the ultimate patient experience along with comprehensive, high-quality dentistry? It may seem challenging to find this ideal combination, but for those living in the Greater Cypress area, all it takes is one visit to Smile Avenue Family Dentistry. A convenient solution for all your dental needs under one roof, Smile Avenue Family Dentistry provides everything from checkups and preventive care to dental implant placement and restoration, smile rehabilitation, clear aligner orthodontic treatment, gum treatments, and one-of-a-kind smile makeovers.

PATIENT-FIRST CULTURE

Dr. Patrick Vuong aimed to provide a unique dental experience for his patients when he created Smile Avenue Family Dentistry. He envisioned a full-service practice where patients truly come first and leave their appointments knowing they've found their dentist for life. Today, he has more than achieved this goal, but Dr. Vuong continues to grow and evolve the practice, remaining steadfast to his patient-first principles.

It's no wonder Smile Avenue Family Dentistry has repeatedly been voted Best Of in *Living Magazine's* Readers' Choice awards over the last three years, including Best Family Dentist, Best Cosmetic Dentist, and Best TMJ Dentist. Dr. Vuong has also been named a Top Doctor in Texas.

"We go the extra mile to help ensure your time with us is comfortable and pleasant," Dr. Vuong says. "Everything we do involves striving for excellence in dentistry and patient care, and we develop a close relationship with each patient built on a foundation of trust, communication, and knowledge."

HIGH-TECH DENTISTRY WITH A PERSONAL TOUCH

From the minute you walk through the door at Smile Avenue Family Dentistry, you'll enjoy the upbeat atmosphere, stylish modern office, friendly team, and all the amenities you would expect from a top-tier dental practice. Throughout your visit, you'll receive attentive care that caters to your individual needs.

Using a communicative, consultative approach, the Smile Avenue team empowers its patients, educating you about your oral health so you can make an informed decision. "By

sharing 2D and 3D digital X-ray images with you, we can show you what we see, walk you through treatment options, and explain our recommendations," Dr. Vuong notes.

Advanced technology also enables the Smile Avenue team to provide comfortable, higher quality dentistry and more patient convenience. For example, 3D cone beam imaging is used to map dental implant placement, and they use a 3D printer to fabricate clear orthodontic aligners and temporaries for dental implants and bridges.

ALL-STAR TEAM OF DENTISTS

Dr. Vuong is at the top of his game, and so are the dentists that make up the rest of the Smile Avenue dental team, Drs. Kyle Piha, Tu Doan, and Weiyan Chang.

"I can't say enough great things about the outstanding dentists who have joined Smile Avenue as we grow with the community. They're all phenomenally talented and share our patient-first philosophy of care," Dr. Vuong shares.

"I've always been drawn to helping others and working with people, and love being a dentist," says Dr. Chang. "One of the most rewarding feelings is when I've helped a patient in a time of need by relieving their pain and making an immediate impact on their life."

"As a dentist, I can positively impact a patient's life and health, and I especially enjoy caring for our pediatric patients. Giving kids a good dental experience helps them avoid developing a fear of going to the dentist," Dr. Piha says.

"What thrills me is seeing the final result of my work, whether it's a small correction or an extensive cosmetic case," Dr. Doan says. "One patient looked at least 10 years younger after cosmetic dentistry. The results were so profound that we cried tears of joy together."
